Vote Bob Reichert For  
Lucas County  
Republican Chair

Dear Fellow Central Committee Representative,

Thank you for your commitment to the Lucas County Republican Party and for taking a leadership role in our community. It is no secret that we have had numerous challenges over the last few years. With new energy and an ambitious plan, together we can create a new strong, successful Republican Party.

This is an important presidential year for Republicans and we need to ensure we have the experience and leadership necessary to keep a Republican in the White House. We cannot afford to elect a new chair who will learn "on the job as they go". Serving as Chair of the Lucas County Party for the last two years and working with the state and national party has prepared me to meet future challenges head on.

I have a plan to ensure the success of the Lucas County Republican Party by raising money, increasing volunteers, reactivating local clubs and creating new communication strategies. This is a new beginning for our party and I ask for your help and support to create a better tomorrow for Republicans in Lucas County.

God Bless,

**Bob**
